

**CREDIT FOR SUPERVISED EXTRACURRICULAR COMPETITION
(STUDENTS ARE LIMITED TO ONE COMPETITION)**

Requirements to Obtain Credit: Two (2) hours credit on a pass/fail basis may be obtained for an approved competition in a student's graduating semester if the student satisfies the following requirements:

- (A) The program must be supervised or advised by a full-time faculty member.
- (B) The student must make a substantial intellectual contribution to the activity. Alternates may receive credit if they make substantially the same contribution to the team as that made by the primary members of the team. Administrators or "managers" of the programs who do not participate in the intellectual exercises required by the program are not eligible for credit unless they qualify for credit under paragraph (C) below.
- (C) The student must complete a written exercise in connection with the activity, which will be evaluated by the faculty supervisor or advisor. In many cases this will be a requirement of the competition. When there is no such requirement, students may receive credit if they reduce their learning to a written form which is evaluated by the faculty supervisor or advisor. This may take the form of a brief, trial memorandum, file memorandum, or other document relating to what they learned in the preparation for the competition. If the rules of the competition limit the involvement of faculty supervisors or advisors, evaluation and criticism of the written product may be postponed until the competition is complete.
- (D) **The Chief Justice is responsible for verifying to the faculty advisor that each student to be awarded 2 credits has completed 85 hours of work, which may include written materials, preparation time and performance in competitions.**
